

SAE standard perforated band

Perforated band clamps, available in different band widths, suitable for light applications. They are supplied with separate screw to ease assembly on large diameters, starting 165 mm diameter.

APPLICATIONS

- Automotive
- Hardware and Plumbing & Sanitary
- General Industry
- Shipyards
- Marine Engines
- Petrochemical Industry
- Food Processing
- Chemical Industry
- Air conditioning, ventilation systems and exhaust fan
- Large-diameter flexible hoses

For further details see pag.74-75

BAND WIDTH 8,5 mm, HEX SCREW 6 mm.
