

Ezyklik

Specially designed for hose clamping applications where space is restricted; the unique design of the Ezyklik (patent pending) ensures strong and reliable clamping with the added security of a special interlocking head to ensure that the Ezyklik maintains clamping integrity in the most arduous applications.

CODE	CLOSED CLIP A mm	BAND WIDTH B mm	BAND THICKNESS C mm	PACKAGING pcs/box

MATERIALS

- Heat stabilized Nylon 6.6

UPON REQUEST

- Polypropylene
- Customized colours

APPLICATIONS

- Hydro massage
- Automotive and engines
- Agriculture and sprayers
- White goods
- Medical and Laboratory equipment
